Mr. Gerard P. Burke
President's Foreign Intelligence
Advisory Board
Room 297
Executive Office Building

Dear Jerry:

You may remember that at the August session with the Board, Frank Pace and Frank Murphy requested they be provided with a copy of "World Oil '71" as soon as OER produced it. I am attaching two copies of this survey, which, as you know, is unclassified.

Sincerely,

(Signed) Bronson Tweedy
